Subject: Re: Fw: Cll Actavis Credits

I contacted Cathy Novaro on this. Basically, I had several customers with credits showing from Actavis promo. I did not push the promo, but, I always push c2's. I was pushing the Oxycontin with several customers and I noticed ,because of the sale of Oxy., their other items/orders were being credited large \$\$. I narrrowed it down to 3 customers that I feel that it's not necessary to give and it adds up to almost \$5k. The customers #111507; 68120; & 363189 are being unnecessarily credited due to their large usage of the Oxy. I would like to save the company money as well as myself on this- I assure you that they are/were not aware of any credits. Please have reversed. Thanks

Vickie,  
Can you let me know if these credits are going to be reversed.

Thanks,
